They Just Laughed.

The folks about the grain brokers' mines to-day are laughing over a special Journal headed "Killing Frost in linton County." The special says: "Considerable damage to the corn crop is re-ported by farmers of this county. One farmer, within two miles of this city (Frankfort), had two acres killed." As the corn crop of the United States is satimated at 2.376,000,000 bushels the two acres—sixty bushels—lost in Clinton sounty will cut no ice in the general re-bult.

Grain Notes and Comments. By W. B. Overman's wire: Vincennes: Very little wheat moving and that little is of very poor quality. Millers are paying 3c to 4c above shipping basis to any market. Milers are paying to be above simples basis to any market.

South Dakota wires: Wheat prospects between Mitchell and Redfield are poor, but from Redfield north are fair.

George Spencer, president of the Duluth Exchange, wires that there is no spring wheat damage except where wheat always falls. ways fails.

ways fails.

Minneapolis: J. Q. Adams wires here that on his farms, among the largest in the spring wheat country, the wheat has deteriorated 15 per cent. in the last ten days. The secretary of the Millers' Associa

The secretary of the Millers' Association at Mineapolis wires Freeman, of Milwaukee, that spring wheat in the three States has been impaired 25 per cent.

Minneapolis; Cargill has just sold 100,000 bushels of wheat in Duluth for shipment. Millers have been good buyers of cash wheat on the improved demand for flour. One large concern sold 40,000 barrels yesterday.

London: English country markets steady; French quiet but steady. Cargoes of wheat steadier; corn rather firm.

Minneapolis and Duluth will decrease their wheat stocks 1,900,000 bushels this week. Baltimore will decrease 100,000 bushels. Chicago will decrease 100,000 bushels. Chicago will decrease moderately. The visible should decrease 2,000,-000 bushels on Monday.

The Northwest is not backing up its damage reports with buying orders.

Minneapolis: The largest elevator man here says to-day that bad reports are coming in on wheat along the Omaha and the M. & St. L. Some bad crop reports are coming from the Jim river valley, in South Dakota, principally from hot winds and drought.

G. A. Schwartz, Chicago, says: The wheat market is governed now by the reports from the Northwest. The trade is

wheat market is governed now by the re-ports from the Northwest. The trade is inclined to believe almost anything that is sent from that section on the theory than any damage to spring wheat, after such a small crop of winter, is sure to create a decidedly higher range of prices. This anxiety to get on the bull side with the least encouragement leads the trade to believe almost anything that comes which indicates damage, no matter than the comes which indicates damage, no matter than the comes when the course of the control of t comes which indicates damage, no matter from what source or how exaggerated it may seem to any one who analyzes the reports. It is not unlike the situation which existed when we were advancing on the bad winter wheat reports. We will undoubtedly have some damage in sections, but we always do. An absolutely perfect crop was never harvested. The most encouraging feature that, to my mind, exists, is the fact that, while we went from 70c to 62½c, the continental markets held their own, and did not follow us.

us. disbero, N. D.: Some wheat fields two considerable smut that has devel-ied in the past two or three days. Duluth: J. S. Weible, of Weible, N. D., cent. less than last year. Condition about equal, but has yet to pass the filling period, which is the most critical.

Hamlin, of St. Louis, wires:

The Green Commission are understood to hold somewhat similar views marketwise, and it seemed natural that they might have renewed the at-tempt to see whether Equidation could be started in the grangers. Crop damage was the first rumor

there, as shippers will not get any wheat from that State this year for export. Milit was the one which sellers intended to lers are paying fully 5 cents a bushel more have circulated. The stock sold was than they can pay for export. In other well taken in the sense that it did not than they can pay for export. In other years there have been large buyers in ars there have been large buyers in at State for export via Newport News. Closing cables: Liverpool—Boot Wheat Unchanged to had lower. Futures 1/20134d

Primary market receipts of wheat were 07,000 bushels, against 265,000 bushels the 207,000 bushels, against 205,000 bushels the corresponding day of last year.

Minneapolis received 62 cars wheat, and Duluth 12 cars, a total of 74 cars, against 247 cars the corresponding day last year.

St. Louis: Receipts—Wheat 75,207 bushels St. Louis: Recelpts—Wheat 75,207 bushels, corn 1,596 bushels, oats 17,725 bushels, Shipments—Wheat 9,259 bushels, corn 10,144 bushels, oats 8,931 bushels.
Chicago: Receipts—Wheat 16,900 bushels, corn 86,900 bushels, oats 135,800 bushels. Shipments—Wheat 24,227 bushels, corn 208,185 bushels, oats 228,000 bushels. Estimated receipts at Chicago Saturday: Wheat 60 cars, corn 250 cars, oats 215 cars, hogs 8,000 head.
Omaha received 1,800 head hogs, and 215 cars, hogs 8,000 head.

Omaha received 1,800 head hogs, and Kansas City 6,000 head hogs.

Exports of wheat and flour were equivalent to 180,000 bushels wheat; corn, 114,000 bushels.

The wheat market opened strong 14 to 3c higher, and quickly scored an advance of 11/2 to 12/4 cents per bushels, and continued fairly strong all session. There was considerable realizing on the advance

continued fairly strong all session. There was considerable realizing on the advance, and prices sold back to the opening figures, then up again to 68% for July.

Cables were strong, with Liverpool ½@ 1½d higher; Berlin 2 cents and Paris ¼@½c higher. Northwestern receipts were small; 75 cars against 250 last year. The closing was strong near top prices. small; 75 cars against 250 last year. The closing was strong near top prices.

Corn opened steady and like wheat, advanced 2c per bushel from last night's close, on covering by shorts at the advance. The selling to take profits caused prices to sell back a full cent. The demand for cash corn is brisk and the movement out of Chicago continues large. A decrease of 1,000,000 bushels or more is booked in their stocks on Monday.

Oats were dull; prices unchanged.

Oats were dull; prices unchanged. Provisions opened a shade higher, but the advance did not hold, prices selling off on liquidation closing rather steady.

By L. W. Louis's wire: New York, July 12.—The market con-disted essentially of a fact and two con-ectures. The fact that Amory & Worden early in the day distributed orders to sell about 15,000 shares, not including about 3,000 first sold openly. The selling was put down to various interests, and deing about other selling and a little anxiety among bulls. The conjectures were whether the block of stock was long or short. It was argued to be long, partly because it was sold by bear brokers and partly because it was asserted that long

The rumor that D. & C. F. reorganization committee would be obliged to make good their bid by the deposit of \$9,000,000 of cash was utilized again yesterday by sellers of the stock. It met the reply which we have given, that in the first place the committee did not bid cash, and second, if cash were required it would be transferred by the bidders from one pocket to the other; as it is, the stockholders made the bid, and they would receive whatever the property brought. The outcome, however, was further sales of stock, which had to be borrowed. The buyers regarded the situation cheerfully under a conviction that the sellers would, in due time, want the stock back. want the stock back.

Special to The Indianapolis News.

Crawfordsville, Ind., July 12,-Miss Celia Donlon, of South West street. Indianapolis had a narrow escape at the "Shades of Death," a pleasure resort near Crawordsville, yesterday. Together with other ndianapolis people, she has been camping at the romantic spot for some days, and vesterday walked out on "Lovers Leap," a jagged point of land reaching out from precipitous bluffs, with a sheer lescent of over 200 feet to the rocks of the banks of Sugar creek. As Miss Donlon stood on the dangerous point her hat blew off, and she unthoughtedly made an effort to recover it. She lost her balance and ell headlong off the precipice. shrieks of dismay her companions hurried down by a circuitous route, expecting to find the mangled body of Miss Donlon on the rooks below but her to the control of the con the rocks below, but her life had been miraculously saved. Twenty feet from the top of the point is a narrow ledge of rock scarcely two feet wide, but covered with bushes, Into these Miss Donlon fell and was caught. It was with difficulty that she was rescued from her even then perilous position, and restored to her friends. Besides a few bruises and scratches the young lady escaped uninjured.

A JOINT CONFEREICE.

The Miners and Operators Fail To Reach a Compromise.

Special to The Indianapolis News Terre Haute, Ind., July 12 .- The Indiana coal miners and operators this morning began their third days' attempt to reach an agreement on a scale. Another join conference was held this morning without result. President Talley, of the operators, said: "We will meet again this afternoon, but I can not say we will agree. There are lots of things to consider."

It appears the greatest obstacle in the way of a settlement is the right asked by the operators to employ and discharge whom they please. N. C. Anderson, of the Clinton Hazel Creek mines, says no matter what contract the operators' as-sociation makes, there are miners in 100 were taken out. Clinton who shall not return to work in his mine. He says if a price is agree upon he will notify the men he does not want. If the others refuse to return to work on this account, he will employ non-union men or allow his mines to re main idle

MAIL BOXES RIFLED.

One Firm at Marion Loses \$826 In Drafts and Money.

Special to The Indianapolis News. Marion, Ind., July 12 .- A good deal o excitement was caused here this morning by the discovery that a number of mail poxes in different parts of the city had been broken open and rifled of their contents. The process used was a very simple one—a heavy bar of iron being used to force the lock apart, after which it was easy sailing for the robbers. The total loss will probably never be known. Among those so far reported was the Osborn Paper Company drafts and money to the amount of \$826. The other boxes were all on prominent business corners. and the loss may be considerable. The de partment at Washington and Cincinnat were immediately notified by wire of the state of affairs.

Ingenious Escape From Jail.

Special to The Indianapolis News. Logansport, Ind., July 12.—The manner which Ben Burditt and John Long effected their escape from the Miami county jail last Saturday night, evinces cleverne worthy of a better cause. By means of common newspapers, they rolled long tubes, and with these attached to the gas burners of their cells, conducted the ga to a point where they could ignite and burn it against the bars. In this way they melted away the only barriers between themselves and liberty, and with comparatively little labor. Burditt had but a fe week previous completed a term for at tempted train-wrecking, and at the time of the jail breaking both he and Long were awaiting trial for larceny. Up to were awaiting trial for larceny. Up to this morning no trace had been discovered of either of them.

Special to The Indianapolis News. Frankfort, Ind., July 12.-An item, which appeared in these columns in yesterday's issue of The News, stating that Jessie M. Hatfield, of Cerro Gordo, Ill., had lost her sister, Anna Hatfield, and was desirous of finding her, brought quick returns. Lis morning Postmaster Smith received a letter from Mary E. Hatfield, esiding at No. 221/2 Illinois street, Indianapolis, who is a sister of the girl's de ceased father, in which she states that Anna 's living at Lafayette, and that her husband's name is Jack Goodman. Both Mary Hatfield and Mrs. Goodman have been very anxious to hear from Jessie for a number of years, but failed until now to learn of her whereabouts.

Outlook of Window Glass Trade. Special to The Indianapolis News. Anderson, Ind., July 12. - President Forbes Holton, of the Union Window-

Glass Company, who is refusing to enter the trust formed by the other manufaccurers in Indiana, went to Chicago this afternoon to meet a number of jobbers and importers. The proposition to have manufacturers using natural gas for fuel o make concessions to those depending upon coal for fuel in manufacturing glass, oes not suit the Indiana gas belt and they will fight it. Mr. Holton has no doubt but what the 22½ per cent. in wages will be restored at the present session of glass-workers at Pittsburg.

Reduced Valuation of Lands.

Special to The Indianapolis News. Greensburg, Ind., July 12.-The County Board of Review decided to equalize the real estate of townships of this county by reducing Salt Creek, Fugit and Clinon 10 per cent. They found that by comparing lands in other townships they were too high. Following is the average price per acre in each township, according to the appraisement: Washington \$32.72, Fugit \$19.66, Clinton \$30.80, Adams \$27.35, Clay \$25.44, Jackson \$24.40, Sand Creek \$17.71, Marion \$9.80, Salt Creek \$8.91. The average vaulation per acre in the county will be reduced from \$23.83 to \$20.

Frost In Clinton County.

Special to The Indianapolis News. Frankfort, Ind., July 12.-The frost of light before last proves to have done a great deal of damage here and in the country immediately north, much more than was at first thought. In the low ground along the Wild Cat creek, nea Cutler, a large number of acres were badly damaged, and in some cases completely ruined. In some instances, one side of a field is uninjured, while the other side has turned black and fallen to the ground. The high ground stood the frost without injury.
